

Knowledge of Experience

Bauer Cranes has been open since August 2024 but don't let the small time frame fool you. The director Neil Bauer has been in the construction world since he was 16, with 10 years in earthmoving and the other 20 years in cranes.

We relocated to the area back in 2006 and worked alongside our family crane business. Growing it to a large organisation, Neil's mum decided to sell her side back to the business partner, giving Neil the opportunity to start his own locally family owned business.

We bring excellence to the table with our equipment, experience and knowledge. We also have experienced operators and riggers and are training a new dogman (eldest son) within the organisation. We believe everyone has to learn, and training with the men who have been doing this for numerous years will help him gain valuable knowledge.

Businesses we have been working with are;

- Lismore City Council
- Essential Energy
- Adenbrook Homes
- GJ Gardner
- Marcon Consultancy
- Sailfish Marine
- Forty Four Constructions
- Tymmos Tipplers
- Koellner Steel
- Foley Constructions
- Grono Transport
- Crystal Castle
- Richmond Sand Gravel & Landscapes

With the director Neil Bauer having past experience in the crane industry in the Ballina local area he completed a crane supervisor course to be able to be a site supervisor for heavy crane lifts. Having a CO licence, RI licence and Crane Supervisor licence you will have no doubt of the excellence he will bring to any job.

Our business aims to provide first class service, equipment and personnel. The business will also expand by adding more cranes and equipment to our services over the next 3 years. With other businesses joining our team to work alongside us, we provide the knowledge to get any job done from the first phone call.

Our team is local residents of the area and have been hand picked to do each job correctly.

Working with Bauer Cranes you will never doubt our capabilities as we are personally involved in all aspects of business.

Our services we offer;

- General Crane Hire
- Franna Hire
- Slew Crane Hire
- Dogman
- Riggers
- Semi Transport
- HR Transport
- Live Line Licence Holders

Our equipment is compliant with Crane Safe and has all insurances, policies and procedures in place as we hold workplace health and safety to high order.

If you have any questions please don't hesitate to contact one of our friendly team members who will be happy to help.

Regards,
